1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 13-22 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by

Takayama et al.

Takayama et al discloses an atomizer comprising all the featured elements of the instant invention, note specifically steering air ring 3 and inner holes 30 and outer holes 4. The apparatus of Takayama et al is capable of performing the method steps as claimed.
